

English in Education Systems

CBSE – CBE Project

OPEN DAY for CBSE Schools

British Council, in partnership with Central Board of Secondary Education (CBSE), is working to bring about systemic change in the school education system and move away from rote learning to competency-based teaching and learning. Through hands-on training, we have strengthened the capacity of 560 school teachers and we will train a further 2000 teachers until March 2022. 15 senior education leaders will undergo a Leadership change management program to ensure a seamless transition within the school education system. It will impact 25,000 schools from across the country.

Proposed Schedule

The schedule for the four open day sessions is given below. You should register for the day that matches your school region. The programme for the event is the same across all four days.
