

We would like to share with you Bhawna's journey and how she is planning to use CELTA in fulfilling her dream of travelling and working abroad.

*"I chose to do CELTA because I wanted an international teaching qualification. While I already was a Spanish schoolteacher, I did not have a B.Ed. and hence could not work as an English teacher in schools. I learnt about the demand for ESL teachers and decided to do this course which would prepare me for such jobs. I did CELTA in July 2020 and by December 2020 I got a job in British Council Delhi. **With this qualification in hand and some more experience in this field, I will eventually start looking for jobs in other countries and fulfill my lifelong dream of travelling and working abroad.**"*

*I recommend CELTA to all those who wish to be part of the ELT/ESL field. The course is rigorous, but it is highly rewarding. I remember being scared of having to put in crazy number of hours, but I ended up feeling very accomplished after the course ended. **The course challenges you to do your best and the supportive tutors make sure that they bring out many qualities which you never knew existed within you.** Without a doubt, it was one of the most enriching experiences of my life. I learned a lot and that learning has stayed with me and helped me in my work over the last year."*
