

Going Global Partnerships – India

TNE Grants 2026

Frequently Asked Questions

2026-27

Section1: About the Call for Application

Call opens: Wednesday, 24 June 2026

Call closes: Tuesday, 25 August 2026

Q: Who are the key funders on both sides?

A: British Council is the only funder for this programme.

Q: From which Indian / UK Institutions / Industry principal applicants can apply?

A: The grant is available to all UK and Indian Higher Education Institutions and Industry applicants who would like to collaborate on a larger theme in areas like (this is an indicative list and not exhaustive) product / process innovation, course / module development, research, creation of knowledge, develop employable workforce, and an opportunity for learners to work on new technologies and challenging problems.

Indian Institutions may be one of the following:	UK Institution must be one of the following:	Industry must be one of the following:
Government or privately funded higher education institute, recognised by state or central governments and its institutions like UGC, AICTE, or any other competent body in India. Indian institutes of eminence, Indian institutes of national importance are encouraged to apply.	Higher Education provider with degree awarding powers.	For-profit/commercial organisations, including micro, small, medium and large enterprises

Q: What is the upper limit of the award money?

A: Maximum amount of grant is up to £30,000 for period of 17 months from the start date of agreement.

Q: Can Lead or co-applicant apply for more than one application?

A: No, one applicant can submit only one application. However, there can be more than one application from the UK and India institution from different departments with different PIs. It is suggested that the consortium applies for grant in thematic areas mentioned in the call guidance document. Preference will be given to proposals on new thematic areas other than the ones awarded in the past to the consortium / lead UK University.

Q: Can we have more than 3 "associate partners"?

A: Yes, However, in application form only 3 associate partner details are required.

Q: Does 'industry partner' only count profit-making organisations? Can a non-profit be the only industry partner? (e.g. a social enterprise, NGO or charity).

A: Industry must be one of the following: For-profit/commercial organisations, including micro, small, medium and large enterprises.

Q: Are previous GGP awardees eligible to apply under this call.

A: All Indian and UK institutions and industry is eligible to apply. Preference will be given to proposals on new thematic areas other than the ones awarded in the past to the consortium / lead UK University.

“A maximum of two applications from a single UK lead institution will be accepted and reviewed for final grant selection.”

Eligibility checks will be applied to all applications after the grant call closes. Those which are not led by an eligible institution will be rejected during these checks.

Q: Which supporting documents are required to be submitted along with the online application?

A: Below mentioned documents need to be submitted along with the online application:

- A common letter of Intent signed by the Head of Department confirming a formal collaboration between all participating institutions and industry on a letterhead.
- A statement of support from the Head of Department (or equivalent) of each participating institution and industry that they have read the application and agree to provide consent for submitting the same on a letterhead. Letter from UK Lead Institute should also confirm that the grant will be administered by them.
- All letters mentioned above along with supporting letter from the state (if any) are to be saved as one document in the form of pdf and send to goingglobalindia@in.britishcouncil.org after submitting the online form. The Subject line of the email should be “Supporting Documents” followed by the UK Lead applicant name and UK Lead Institution name.
- CV for the Lead Person from each Partnering institution

Q: Do we need to take necessary permissions prior to applying for this grant?

A: Yes, there are some Institutional level documents, and some consortium level documents that we would need. Please read through section called “overview of the funding opportunity” and the supporting documents which are required as part of the Call guidelines and accordingly take approvals before applying under this call.

Q: Are there any themes/ subjects defined under this call? / What are some current themes that are currently in market that preference as you mentioned is given to?

A: The core objective of this grant call is to develop and launch TNE courses/degree programmes in emerging disciplines that will lead to stronger academia and industry engagement and create opportunities of youth in emerging themes.

This grant call seeks to support innovative, interdisciplinary, and high-impact TNE courses/degree programme development and launch in emerging disciplines, a list of thematic areas is listed below. The call aims to promote collaboration between UK and India HEIs and industry to addresses societal, economic, environmental, and global challenges through launch of TNE courses/degree programmes.

Note: This call is not to support research collaboration or doing exclusively capacity building training/workshops/programmes in below mentioned areas but to promote creation of strong pipeline of TNE courses/degree programmes in emerging areas.

The below has been incorporated:

Sr No.	Emerging Priority Disciplines
1	AI and Machine Learning and Quantum Computing

2	Genomics and Proteomics CRISPR based Therapies
3	Sustainable Energy – Technology Transition/ Climate Change
4	Synthetic Biology/ Neurotechnology
5	Circular Economy
6	Advance Engineering/Robotics/Space Technologies
7	Semi-Conductor Technologies
8	Critical Minerals/Geological and Earth Sciences
9	Creative Industries
10	Banking and Finance
11	Computational Social Sciences

Q: What is duration for the grants?

A: The grant will be for the duration of 17 months.

Q: Will there be an opportunity in the future to leverage this grant into something bigger we can get fund for?

A: We cannot comment or guarantee the funding opportunity. If any available, we will open these to all sectors.

Q: Does the project have to lead to the development of a course or programme? If not, would the application be disadvantaged?

A: Yes, the project is expected to lead to the development of a course or programme and the outcomes expected should be beneficial to the stakeholders. The course developed should tackle identified problematic areas through a body of research and can be quantifiable. Applicants are therefore strongly encouraged to align their project outcomes with this requirement to ensure relevance and impact.

Q: Can you please give a specific example of gender impacts on science/engineering projects?

A: The application should clearly mention how you are going to design your program to make it gender sensitive?

Q: What specific roles and contributions are expected from industry partners in these TNE projects? Are there any particular commitments or deliverables that the industry partner must ensure?

A: The proposal should indicate reasons how the proposed project is reflective of the industry demand / developing work ready workforce / industry academia linkages / knowledge sharing between industry and academia / joint research / interest of the Indian State Government supporting the proposal, in particular, and potential for meeting critical needs of student community.

The description of the proposal includes description of activities that would allow for the identification of the industry academia collaboration. Proposal must describe activities that would lead to development and delivery of the proposed project as per the timelines indicated in the Call Guidelines.

There is clear evidence that the development of the proposed project is enhancing industry academia linkages. The benefits and relevance of the collaboration to the industry and academia are clearly described.

Q: Could you please let us know what counts as industry? does an education technology social enterprise working in education count as industry? or an NGO supporting professional development of female teachers in public schools?

A: Industry must be one of the following: For-profit/commercial organisations, including micro, small, medium and large enterprises.

Section 2- Eligibility

Q. Is the current British Council grant holder from the UK or Indian institution eligible to apply?

A. Yes, they are eligible to apply.

Q: How many Lead and Co-applicant can apply?

A: The proposal must be a joint application, with three partner institutions: one UK Institution, one Indian institution and one Industry partner.

Q: Can all Lead or Co-applicants and Industry partner travel as part of this grant?

A: Yes, either of the UK or Indian partners in the consortium can propose travel however this needs to be mutually agreed between them.

Q. Should the lead UK applicant hold some designated post such as Professor or Lecturer, or can he be a research fellow with a Professor as a Co-lead in a university?

A. Lead Applicant and Co-applicants must be permanent employees of their institution(s) (this means that emeritus and honorary professors may not apply as lead) and/or their contract end date must be later than the date of completion of this grant.

Q: Can one industry partner make multiple applications with different partners?

A: No as Industries wouldn't have different departments like universities. Please note this grant is allocated to a particular University.

Q: Can an adjunct faculty of a university in India be a partner?

A: Lead Applicant and Co-applicants must be permanent employees of their institution(s) (this means that emeritus and honorary professors may not apply as lead) and/or their contract end date must be later than the date of completion of this grant.

Q: Do the previous applicants with another consortium are eligible to apply?

A: Yes. However, it is suggested that the consortium applies for grant in thematic areas mentioned in the call guidance document.

"A maximum of two applications from a single UK lead institution will be accepted and reviewed for final grant selection."

Eligibility checks will be applied to all applications after the grant call closes. Those which are not led by an eligible institution will be rejected during these checks.

Q: Can a British Council award holder apply for this grant if they hold another grant if the two projects are distinct?

A: Yes, they are eligible to apply but with different projects.

Q: Along with a UK University and Industry Partner, can a Professional body (UK) set up by Charter Act of UK be incorporated in the Consortium?

A: the proposal must be a joint application, with three partner institutions: one UK Institution, one Indian institution and one Industry partner.

Q: How to get started from having no existing collaboration with UK counterpart?

A: Finding the UK partner based on identified thematic area is applicant's responsibility. If you do not have any linkage with UK institutes, you are advised to network with your colleagues and counter parts in your institute or other HEI's. You may also reach out to Universities UK organisation in the UK who engages with 140 UK Universities. Here is the link- <https://www.universitiesuk.ac.uk/universities-uk-international>.

Q: What should be an ideal number of participants (men/women) in a project team?

A: There is no definite number prescribed however proposal should have diversity in decision making and leadership roles. Therefore, it is advised to have gender balance both in leadership and project team roles.

Q: What counts as previous partnership between the partners? For example, does prior research collaboration count as a previous partnership?

A: Yes, it does. All awards given under GGP are counted as previous partnerships.

Q: How many academicians per institute can be part of this proposal?

A: There is no definite prescribed number, this should be judiciously and mutually agreed between the partnering institutions and aligned with the scope of the project.

Q: Will an LGBT participant be considered in GES?

A: British Council supports Equity, Diversity and Inclusion (EDI) and hence focus on all genders including LGBT is considered as part of this call.

Q: Can we have more than one University and industry partners from UK and India in consortium?

A: The proposed call invites joint application from the consortium of three partners i.e. one Indian HEI, one UK HEI and one Industry partner.

Q: Can a Micro company along with NGO be an industry partner together in one proposal, in addition to India and UK based universities? Two entities can join as industry partner?

A: The decision of industry partner and the number of industry partners are left at the discretion of the UK and India University.

Q: Can a non-profit research organization be a part of the consortium as a partner Industry?

A: Please refer "eligibility criteria" section of the call guidelines.

Q: Is this grant applicable for technical research which involves product development and equipment?

A: No. Please go through the call objective and guidelines for clarity.

Section 3- Application Process, Online Application Form and Submissions

Q: Are support letters and permission letters same which are to be uploaded while submitting the application?

A: Yes, all supporting documents (budget sheets, CVs, supporting letters) must be uploaded on to the Good Grants platform prior to the deadline.

Ensure you have included all of the documentation listed in the Pre-Submission Checklist below as incomplete applications may be immediately regarded as ineligible. The British Council receives large numbers of applications to its funding calls, and for this reason we cannot facilitate a resubmission process should your application be deemed ineligible.

Q: Can I take digital signatures on support letter and endorsement letter from the head of the institute?

A: Yes, support letters with digital signatures are accepted. Person submitting the proposal should have the approval to use digital signatures.

Q: Is it necessary that only UK Lead applicant can submit application?

A: Yes, UK institution as the lead coordinator must submit the application on behalf of all other co-applicants or partners. British Council will sign the grant agreement with the UK institutions and will receive the Going Global grant funding.

Q: What are the budget heads under which we can plan the project activities?

A: Budgets must only be submitted using the Budget section of online Application form.

Here are some limits on funding allocations:

- For-profit non-education organisations are only eligible to receive funds to cover travel-associated costs. The proposal must clearly define their contribution to achieving call objectives.
- Human resource costs: Staff costs for personnel working directly on the grant funded project limited to 30% of the grant to be awarded.
- UK expertise costs: Limited to 20% of grant to be awarded.
- Travel costs: Limited to 20% of the grant to be awarded.

Q: Will the grant support hiring personnel of Research Assistant/ Postdoc on both sides?

A: Yes, the requirement for hiring Research Assistant / Postdoc depends upon the scope of project and must be mutually agreed with-in the consortium.

Q: Is professional consultancy fees compulsory?

A: It is not compulsory; it is advisable depending on project requirements.

Q: What is the difference between Staff cost and Professional fee?

A: Professional fees can be charged for hiring consultants or taking services from consultancy services. It may also be charged as one time honorarium. Staff time is more long term and for a continuous support to the project like hiring research docs. PI's time may also be charged as staff time.

Q: Is it mandatory to use the travel cost? Or can it be used for activities like local site visit and field work?

A: The Budget is to be allocated as per defined budget heads. It is recommended to allocate budget as per the given budget heads funds can be allocated under the “Project Activity” budget head for local site visit or field work.

Q: If we are not using any additional human resources (expertise), can we utilize the 20% on other categories?

A: No, the cost to be utilized as per the allocation of budget head.

Q: Is the expertise cost only for the UK? It says so in the guidelines but not in the budget sheet or the application form

A: Any cost element in your project can be chargeable / budgeted by both partners, however, it shouldn't exceed the budget limit.

Q: Are supplementary funds mandatory for project applications? If so, what specific requirements must be met regarding supplementary funding?

A: It is ideal to have supplementary funds to cover costs that are not covered under GGP funding.

Q: Can the budget include travel to/from UK/India of a representative of the industry partner?

A: Yes, either of the UK or Indian partners in the consortium can propose travel however this needs to be mutually agreed between all.

Q: If three faculty members from the same Indian institution are applying for this call with other collaborators, how to include all three faculty members in the form. Form supports one lead applicant from India, UK and industry.

A: Their details can be included in the associate partners.

Q: Are there any guidelines on how we split the fund between the three partners?

A: While there is no recommended split between UK and Indian costs, however it is expected that the budget plan will be mutually agreed among all partners and will be shared as part of the application form. Please note, the project spend should meet the requirement of the programme objective.

Q: Time cost of each member named on the grant application needs to be costed?

A: Industry partner cannot ask for staff cost as what guideline says as they are for profit organisation. It thus has to be Indian and UK Institutional partners and any other associated partner which is Not Profit.

Q: the application only has a lead applicant and a deputising colleague, who can deputise for the Lead Person if they are unable to lead the collaboration for any reason. We cannot add co-applicants or Co-investigators.

A: Please add the co-applicants as associate partners.

Q: If there are multiple departments involved in the project as it is interdisciplinary, can all faculty (4) be added as CO PI?

A: One faculty member can be added as PI and others can be added as associate partners.

Q- Who can be contacted for any queries related to filling of the online application form?

A- The Call guidelines and FAQs need to be referred for Call related queries. In case you face issues while filling up the application on the portal or you have any other Call related query, feel free to write to us on our mail id goingglobalindia@in.britishcouncil.org.

Q: Can we submit the application without industrial partner and add it later!? As, we still trying to find an appropriate one.

A: No, the industry partner is mandatory requirement for consortium. The proposal must be a joint application, with three partner institutions: one UK Institution, one Indian institution and one Industry partner.

Q: Do you have to share the grant with the education institution partner in India who is the co-partner not the lead?

A: Grants will be disbursed to the lead applicant (UK University) and the lead applicant will be responsible for the modalities of sharing the grants with their co-applicants for activities related to the project. British Council does not provide any guidance on splitting the funds as this needs to be agreed mutually between all partners. There is no requirement for the split to be of a particular ratio, but it should be mutual and equitably address the goal of the partnership and in agreement with all partners in the consortium or partnership. The agreed split of funds should be clearly mentioned in the financial proposal.

Q: Will there be a webinar to support the applicants interested in this call?

A: There is no webinar planned for this call. However, we have included queries and clarifications from the previous calls in this FAQ document. In addition, should you have any other related queries, please feel free to contact us with your query on goingglobalindia@in.britishcouncil.org.

Section 4- Evaluation and Result

Q: What is the selection procedure?

A: Eligible applications will be assessed against GES (Gender Equality Statement) criteria. All applications which are GES eligible will only move ahead to the Quality Review Check by the Assessment Panel. Assessment panel will consist of nominated qualified panel and the decisions taken by the panel will be final. Please refer to call guidelines for detailed information. See our Equality Policy here <https://www.britishcouncil.org/about-us/our-values/equality-diversity-inclusion>

Q: How the applicants will be informed about selection?

A: All successful applicants will receive e mail and the results will be publicly declared in form of a list of successful applications on the British Council India website.

Q: Regarding EDI, what if we want to address a gender issue and work for example with a female only college?

A: Gender Equality Statement is about Gender inclusion and not only about working with women. The project needs to be gender sensitive and should talk about including people from different genders. Partnering with a female college is the mutual decision of the consortium however please be noted that this is not only about male or female inclusion. It is about Gender Equality. Kindly refer "Gender and Social Inclusion Guide" on the web page for detailed guidance.

Q: What are the key evaluation criteria for project proposals involving industry partners? Are there specific aspects that the review committee focuses on regarding the industry's participation and contribution?

A: Kindly refer the assessment criteria, given in the call guidelines.

Q: "Selection Criteria" include "Preference will be given to consortium sponsored or approved by state governments in India..." Do some Indian universities, known as "Government colleges", such as the Indian Institute of Technology Delhi (IIT Delhi), are meant to be "state governments"?

A: Please refer to the University Grants Commission portal for clarity.

Section 5 – Project Implementation

Q: Who will receive the grant and how will this be disbursed amongst all Principal Applicant Institutions?

A: British Council will disburse 100% grant to the UK institution who is the lead applicant. The lead applicant / institution will have the responsibility of managing grant and submitting us full settlement at the end of completion of the activity.

There is no requirement for the split to be of a particular ratio, but it should be mutual and equitably address the goal of the partnership and in agreement with all partners in the consortium or partnership. The agreed split of funds should be clearly mentioned in the financial proposal.

Q: Is it possible to spend part of the budget for buying specialist equipment needed for enhancing learning experience?

A: No, assets like laptops, computers, software, machinery, phones, physical books, equipment, printers, cameras etc. cannot be purchased as part of the grant. Participating universities are expected to provide any such infrastructure that may be required to deliver the course. However, any consumables like stationery, communication expenses are acceptable.

Q: Can we cost in Facilities access in order to enable some research activities through the partnership?

A: Please refer to the ineligible cost mentioned in the call guideline.

Q: Once the contact agreements are signed, will there be possibility to apply for a no cost extension?

A: No project activities can take place after the project end date. If a funded project's planned activities timelines are required to be adjusted, an official request via change request form must be submitted atleast 2 months in advance.

Q: Does British Council have any number/scale in mind with respect to outreach/output and the longer-term impact/outcome for accepting a proposal?

A: No- our aim is to enable research collaboration and facilitate systemic changes through our grants. Your project needs to demonstrate the outcomes you aim to achieve, which needs to be realistic and timebound.

Q: If we develop a product, who will hold the ownership? Will it be under the name of the UK institution, or will it be shared among the three institutions?

A: All Intellectual Property Rights shall remain the exclusive property of the party owning it. It is the responsibility of the Recipient, the Project Partner and all Sub-Grantees involved in the Project, between them to agree, in good faith negotiations on the ownership of all relevant intellectual property (IP) rights.

Q: Could you share a successful example or proposal that has previously received grants for product/process innovation and curriculum/module development?

A: Due to Data protection, the data related to any project or proposal cannot be shared further, however please do have a look at the GGP grantees and thematic areas available on the British Council website to get an idea of the themes and partners.
