Introduction

We are delighted to announce 198 GREAT Education scholarships for the 2017 academic year in partnership with 40 UK universities.

Worth over £1 million, the scholarships comprise 169 postgraduate and 29 undergraduate awards at universities across the UK - from art and design to engineering, law, and management.

We want the best and brightest students from across India to apply. If successful you'll be joining almost 500,000 international students from 200 countries who chose a world-class UK education each year.

UK universities are international and are proud of their diverse staff and student populations. In fact, over 50% of British Academics' published research is with an international contributor.

Such diversity and international connections bring new approaches and fresh thinking. We believe that the problems and challenges you'll be addressing over the next 50 years will need global solutions and that the unique experiences, knowledge, networks and confidence gained from a world-class UK higher education course gives you the best platform to transform your life, community and country.

Good luck!

British Council is the United Kingdom's international organisation for educational opportunities and cultural relations. British Council creates international opportunities for the people of the UK and other countries and builds trust between them worldwide.

British Council is recognised across India for its network of nine libraries and cultural centres. We offer a range of specialised projects in arts, education, English language and society to audiences across India and more than 100,000 members. We also provide access to English language training and learning for both students and teachers and enable opportunities to study in the UK. We also manage prestigious scholarships and training awards, including the Jubilee scholarships, the Commonwealth Scholarship and Fellowship Plan and the Charles Wallace India Trust awards.

Our English language centres in Chennai, Kolkata and New Delhi provide a range of general and business English classes, specialised skills based programmes and young learner courses.

We work with a wide range of Indian partners in cities all over India enabling British and Indian experts to meet and collaborate and to nurture mutually beneficial relationships. Our offices are in 10 cities across India and we continually work towards creating opportunities for young people to develop new skills, become better qualified, introduce an international dimension to their learning or profession, and develop a better understanding of other cultures.

British Council is the United Kingdom's international organisation for cultural relations and educational opportunities. A registered charity: 209131 (England and Wales) SC037733 (Scotland).
